WAR DECLARED.
LONDON, ENGLAND, August 4.—Great Britain declared war on Germany tonight. The momentous decision of the British Government, for which the whole world has been waiting, came before the expiration of the time limit set by Great Britain in her ultimatum to Germany demanding a reply on the subject of Belgium neutrality. Germany's reply was the summary rejection of the request that Belgium's neutrality should be respected.

The British Ambassador at Berlin thereupon received his passports and the British Government notified Germany that a state of war existed between the two countries.

BRITISH SHIP SUNK.
LONDON, ENGLAND, Aug. 5.—A British mine-laying ship has been sunk by a German fleet. The British ship has been sunk by a German fleet. The British torpedo boat destroyer Pathfinder was pursued by the fleet, but escaped.

PARIS, Aug. 4.—The first naval conflict of importance of the general European war occurred today off the coast of Algeria, according to a cable received here from the Algerian Governor General. The German gunboat Panther was sunk by French battle ships, and two German cruisers, the Goeben and Breslau, were captured. No report of casualties was made.

EMBASSY DESTROYED.
WASHINGTON, Aug. 5.—The German Embassy at St. Petersburg has been destroyed by a mob, inflamed by the report that the Russian Embassy in Berlin had been attacked. One German employe was killed.

VISSE BOMBARDED.
BRUSSELS, Aug. 5.—Visse is reported to be burning after bombardment by the Germans.

OFFERS TO MEDIATE.
WASHINGTON, Aug. 5.—President Wilson has offered his good offices to all the European powers involved in the war.

SHIPS SIGHTED.
ST. PETERSBURG, Aug. 5.—A German fleet of nineteen ships were sighted yesterday near the east coast of the Baltic Sea between Memel and Libau. Russian warships in the Black Sea have captured many German merchantmen.

TURKS CUT IN.
CONSTANTINOPLE, Aug. 5.—Turkey, as an ally of Germany, has closed the Bosphorus and bottled up the Russian fleet in the Black Sea. The fleet will be useless during the war.

GERMANS ANNIHILATED.
PARIS, August 6.—The Government War Office declared officially to-night that two regiments of German Uhlans had been annihilated by the French troops in an engagement on the frontier.

L. & N. HUNTS WATER.

Compelled by the low stage of water in Stoner Creek to take time by the forelock the Louisville & Nashville railroad company yesterday began installing pumps and pipe lines for the purpose of pumping water from Houston Creek to its pumping plant near Third street. The supply of water taken in at the pumping station is getting very meager and the indications at present are that the company will have to use its secondary pump and pipe system for some months to come in order to get a sufficient supply of water for its engines.

NEW Y. M. C. A. SECRETARY.

Mr. Earl Mast, who has for some time been engaged in special Y. M. C. A. work in Illinois, and who is at present at Camp Daniel Boone, on the Kentucky River, has been selected as resident secretary of the Bourbon County Y. M. C. A., vice Chas. M. Griffin, resigned, who has gone to Jackson, Miss., to engage in similar work. Mr. Mast will report here in a few days for duty.

MRS. WILSON DEAD.

First Lady of the Land Dies In Washington After Brave Struggle For Life.

Mrs. Woodrow Wilson, wife of the President of the United States, died at the White House, in Washington, about six o'clock last night, after a four-weeks' illness, the direct result of Bright's disease.

Although physicians said she passed a fairly comfortable night and had some rest, they were no more optimistic than late yesterday when they announced her condition so extremely grave that artificial restoratives were necessary.

Members of the family were constantly at her bedside.

The President, who has been with her every moment he was not absolutely demanded elsewhere by the European crisis, cancelled all engagements and remained within call of the sick room.

Mrs. Wilson was conscious yesterday morning and her condition was better than the night before. She appeared to be unusually brave.

A statement by Dr. Grayson gave kidney trouble as the basis for Mrs. Wilson's illness.

MR. S. G. CLAY ENDEAVORS TO GET TIDINGS OF FAMILY.

On last Tuesday Hon. Sidney G. Clay, of Paris, telegraphed to the Cunard Steamship Company at New York to know if it would be possible for him to secure passage to Europe so as to institute a search for the party in which Mrs. Clay and daughter, Miss Alice Rogers Clay, were traveling. In a few hours he received a reply from the Steamship Company as follows:

"Sidney G. Clay,

"Paris, Ky.,

"Mediterranean ships detained various ports, pending further instruction. Have abandoned booking passengers time being.

"THE CUNARD S. S. CO.,

Immediately upon the receipt of this telegram, Mr. Clay wired Senator Ollie James the substance of his telegram and in reply received the following answer:

"Washington, D. C. 6.

"Sidney G. Clay,

"Paris, Ky.,

"Will have State Department do all possible to render every assistance and protection to your family. I believe they are safe, and will keep you posted as to information I receive.

"OLLIE M. JAMES."

Miss Frances Johnson, who, with her companion, Miss Louise Best, of Millersburg, was last heard from in London, wired her brother-in-law, Mr. J. Simms Wilson, in Paris, for funds. Mr. Wilson sent her the money and a few days afterward it was returned, saying that the company had been unable to locate Miss Johnson. Since then he has been unable to get any news from her or of her location.

(7-2t) VARDEN & SON.

FINED FOR ILLEGAL SELLING OF LIQUOR.

James A. Cox, formerly of Paris, and now proprietor of the Hotel Nichols, in Nicholasville, and his clerk, E. Sanders, were fined \$500 and costs in the Jessamine County Court, Wednesday, on five counts for selling liquor in local option territory. When the men pleaded guilty in these five cases, eighteen other cases on the same charge were continued, future prosecution conditioned on the good behavior of the defendants. Cox was formerly in the employ of the Louisville & Nashville at this point, in the passenger service between Maysville and Paris. He is a son of Mrs. Linda Cox, of this city.

PEACE IS AT HAND.

MEXICO CITY, Aug. 5.—Peace in Mexico is at hand. The Council of War decided late to-night to submit to the unconditional surrender of the capital, as demanded by General Carranza, leader of the Constitutionals.

CASHIER OF STAMPING GROUND BANK ARRESTED.

Thurman L. Southworth, former cashier of the Peoples' Bank of Stamping Ground, was placed under arrest Tuesday afternoon on two charges, embezzlement and forgery, preferred by State Banking Commissioner T. J. Smith.

Bond was fixed at \$10,000 on the two charges, which he was unable to give. John R. Downing, cashier of the Georgetown National Bank, who was appointed a special commissioner of the Stamping Ground bank about three weeks ago, has employed Mr. Best, of Louisville, an expert accountant to go over the books.

The arrest Tuesday grew out of the report made by Mr. Best and Mr. Downing to the State Commissioner. It is understood that some of the directors of the defunct bank and his former bondsmen were appealed to to sign his present bond, but they refused to comply with the request.

After the warrant was issued Tuesday afternoon Deputy Sheriffs Robt. Lancaster and Leon L. Calvert went to his home at Stamping Ground and took him to Georgetown, where he was lodged in the county jail. Shortly after dark, accompanied by Sheriff James K. Ewing and his deputies, Mr. Southworth went to Stamping Ground in an automobile to make another attempt to get bondsmen.

CONSUMERS ARE URGED TO ECONOMIZE USE OF WATER.

Superintendent Newton Mitchell, of the Paris Water Company, has issued a warning to the users of water in this city, in regard to the use of street hose and the necessity of economizing in the use of water. The prospect of a serious shortage in the water supply for the city is becoming more apparent each day, and it will soon be imperative for all consumers to restrict themselves to actual needs. The water in Stoner Creek is getting lower each day the drouth continues, and there is no immediate relief in sight in the way of much-needed rains.

We have heard of a number of housekeepers who have been very reckless, in fact, wasteful, in turning the water on from their street hose to water flower beds and permitting the water to waste. This should be stopped, for unless conditions improve, the situation here will soon be serious.

It should be a matter of consideration for the needs of others, and selfish interests should not stand in the way. The actual needs of the many should take precedence over the selfishness of a few.

Mr. Mitchell wishes to impress these facts upon the patrons of the Water Company's service, as it is a matter of supreme importance and urgent necessity. Don't waste the water, and your conservation of the supply will be of lasting benefit to the many who will really need what you are now wasting.

BIBLE SCHOOL MEETING.

The Bourbon County Bible School Association of the Christian Church will hold its annual convention at the Mt. Carmel Christian Church, Aug. 21. This is expected to be one of the best conventions yet held by the association, and an excellent program has been arranged. Besides the workers from the county the following speakers will take part in the exercises: Mrs. Frances E. Beauchamp, of Lexington, president of the Kentucky W. C. T. U.; Mr. Walter E. Frazee, of Louisville, State Superintendent of Bible School work; Mr. Robert M. Hopkins, Cincinnati, secretary of the American Bible School Association, and the Rev. F. M. Rains, Cincinnati, secretary of the Foreign Missionary Society. The county president, Mr. Newton F. Shropshire, and others, having the convention in charge, are confidently expecting an attendance of fifteen hundred.

PARIS BOY AS COMPOSER.

The current issue of The Musical Messenger contains an excellent half-tone cut of Mr. Wm. Talbott, of this city, who is achieving quite a reputation as a musician and composer of band music. The article accompanying the cut pays Mr. Talbott quite a compliment. Mr. Talbott is about twenty-two years of age and was educated in the public schools. He has had no special training in music, but his experience with the cornet developed his latent talent and he has become recognized as a band director and composer. Mr. Talbott is bookkeeper at the Bourbon Bank & Trust Company, and is a genial and popular young man. The Messenger also contains an excellent reproduction of the cornet part of his cornet part of his latest band march, entitled, "Elizabeth," which is designated to become as popular as his famous "Friendship March."

VALUABLE OLD RELIC.

While searching for some papers in his safe in the Dow building a few days ago, Mr. R. P. Dow came across a relic in the shape of a copy of the Western Citizen, published in Paris, bearing date of April 23, 1825. The paper was yellowed by the passage of the years, but the print was very plain and easily read. The advertisements related principally to the small business concerns in Paris at that period, and a number of them were advertising rewards for slaves who had escaped. Two pages were taken up with a speech made by Henry Clay. None of the names of the advertisers would be familiar to the present generation. The paper was edited and published by Joel R. Walker and John E. Keenon. Mr. Lyle was the editor, and Mr. Keenon and his brother, Adam Keenon, conducted the mechanical end.

"THE BROADWAY EVANGELIST" GOES TO WINCHESTER.

Mrs. Marguerite Isabel Rice, the woman evangelist, who delivered several addresses on the public square in Paris last week and this week, closed her meeting Tuesday night, and has gone to Winchester, where she will deliver several addresses.

Mrs. Rice made a distinct impression during her stay in this city, and made many friends. According to the Winchester Daily Sun, Mrs. Rice's first visit to Winchester was made fifteen years ago, and that she recalled the fact that the first newspaper "write-up" she received when she began her evangelistic career was published in The Sun.

LIGHT IS PROBLEM

Capital Authorities Seek to Remove Automobile Danger.

New Lens Offers Solution—From Los Angeles Comes Word That Objection May Be Removed by Frosted Belt on Glass.

Washington.—War has been declared by the district authorities on the blinding headlights of automobiles within the city limits. The commissioners have instructed Major Sylvester, superintendent of police, to confer with the corporation counsel, and formulate some regulation of the present evil. The present traffic regulations do not contain any provision for the restriction of the use of such headlights which would hold in a court of law.

Much of the present danger arises out of the carelessness of motorists and pedestrians themselves. Motorists spinning over the roads in the adjacent parks and thoroughfares leading into the city limits needlessly leave their headlights burn in the adequately lighted sections. Pedestrians thoughtlessly walk in the middle of the road instead of keeping to the right and to the side of the road. Much of the present danger can be eliminated by a little care and thought, but the problem of the nonglare headlight is twofold. First, the dazzling rays must be eliminated or the use of such lights restricted in some way, and second, the original illuminating qualities of the headlight must be conserved.

Adequate light on the public highways is needed today more than ever before. The heavy black oiled roads make it much more difficult to distinguish pedestrians on the highways than it was in the early days of the automobile, before the roads were oiled.

Still another factor in the problem is the quietness of the present-day motor. It is now possible to creep up within a few feet of another car or pedestrian on the road without them being aware of the approach of a car.

Experiments are being conducted throughout the country, and the local officials are keeping in close touch with every development. Until some device is invented relief will have to come through regulation.

From Los Angeles, Cal., comes the word of a simple solution of the problem. The means consists of a lens molded hemispherically and sand blasted to give a frosted appearance except for a small oval space slightly below the center, which is left transparent. When seen from the height of the driver's seat the frosted surface is between the eyes and the filament and one sees only the diffused circle of light and the form of the approaching car is visible.

The beam of light coming through the clear oval is centralized on the road directly and far ahead instead of as with the old style flat glass over a widening arc. The road is made brighter by the contrast and the diffused light coming through the frosted surface enables the driver to clearly see the front of his own car, even in the face of an approaching blinding searchlight.

Civilization's Advance.

How timid and puny seem the old-time roar of the ocean, the crowing of roosters and the creak of farm wagons when nowadays, as we linger in some distant caravansary, we recruit our wasted energies on hesitation, ragtime, phonographs, telephone bells and siren horns.

VARDAMAN STIRS UP SENATE

Senator From Mississippi Amazes Colleagues When He Whittles Stick in "Sacred" Chamber.

Washington.—"Hew to the line, let the chips fall where they may" seems to be the motto of Senator Vardaman of Mississippi. He has given the staid, decorous senate many shocks to its dignity, but one of the best—or worst—was when he hauled out

Senator James K. Vardaman.

his jackknife and whittled a stick of wood in the "sacred" chamber. The shavings piled up on the rich new carpet, while awe-struck—and envious—pages clustered about in admiration of Vardaman's nerve and whittling ability.

Organ Grinder Paralyzed.

New York.—Frank Tomas, who has been an organ grinder for 25 years, has "organ grinderitis." His right arm is paralyzed from turning the crank.

Modern Young Man's Slogan.

Edna Ferber, writing a Jock McChesney advertising story in the American Magazine, represents Jock as making the following statement: "These days it isn't so much what you've got in you that counts as what you can bring out. I know the young man's slogan used to be 'Work and Wait,' or something nearly like that. But these days they've boiled it down to one word.—'Produce.'"

Whistling Develops Lungs.

A doctor has discovered that whistling is good for the health. It fills the lungs with invigorating oxygen, and this revivifies flagging spirits and flabby muscles. Boys are prone to be broader chested than girls, and better constructed for deep muscular tones because of the lung exercise which accompanies whistling, and one of the first things they try to do when they've passed babyhood is to whistle.

What Willie Got.

Teacher—"A woman divided a pie among her four children—John, Mary, Jane and Willie. John got one-half of the pie, Mary one-fourth and Jane one-sixth. What did Willie get?" Bright Boy—"Huh! Willie got stung!"

Famous Rugs of Persia.

The art of rug making has been perfected in Persia as in no other country. It takes from two months to five years to complete a rug, and there are some that date back twelve centuries. In the White House there is a Persian rug which is valued at \$50,000.

"Cured"

Mrs. Jay McGee, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pains in my back, etc. It seemed as if I would die, I suffered so. At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

MILLION ON LINER

Empress of Ireland Has That
Much Silver Aboard.

Fair Chance of Recovering Valuable
Cargo on Sunken Ship—Services
of Expert Divers Are Easy
to Obtain, Says Director.

London.—Salvage experts here
agree that there is a fair chance of
recovering the million dollars' worth
of silver said to be aboard the sunken
Empress of Ireland. R. H. Davis,
managing director of the salvage
company, called attention to the fol-
lowing successful operations of this
sort:

Four thousand one hundred and
twenty-six bars of silver of the value
of \$2,681,900, 46 boxes of gold of the
value of \$1,000,000 and nine boxes of
silver of the value of \$5,850, a total
value of \$3,687,750—recovered from
the Oceana, which was wrecked in
about thirteen fathoms of water off
Eastbourne.

Four hundred and fifty thousand
gold coin—25 peseta pieces—recov-
ered from the wreck of the Alphonso
XII, which was sunk in 27 fathoms
of water—a greater depth than that
at which the Empress of Ireland is
lying—off Point Gando, Grand Canary.
Fifty thousand dollars' worth of
silver bars—all but six that were on
board—recovered from the Skyrö,
wrecked in 32 fathoms of water off
Cape Finisterre.

"In the case of the Alphonso XII
the difficulties were very great," Mr.
Davis said, "and our diver, Alexan-
der Lambert, had to use dynamite to
remove innumerable obstructions be-
fore he could get to the magazine in
which the treasure was stored.

"Dynamite had also to be used in
the operations for salvaging the silver
bars of the Skyrö and when the work
was finished the vessel was just a
heap of scrap iron. The Empress of
Ireland is said to be lying on her
side in 17 fathoms—102 feet—of wa-
ter.

"At this depth," Mr. Davis said, "a
man cannot remain safely for a longer
time than thirty or forty minutes.
He would have to allow himself,
moreover, about half an hour to get
on the surface. The ascent from the
depth is a painfully slow business.

"When a man works at these sub-
marine depths he is subject to an ab-
normal pressure which is increased
4½ pounds for every ten feet he goes
down. At work beneath fathoms of
water his blood and tissues become
saturated with nitrogen.

"For this reason he has to be most
careful in ascending to the surface,
for otherwise a sort of effervescence
would be set up in the blood vessels
and cause paralysis.

"There is no difficulty in getting
divers for salvage operations. Most
of our men are ex-British navy
divers, who are without doubt the
most scientifically trained in the
world.

"For his work in salvaging the pesetas
from the wreck of the Alphonso XII,
Alexander Lambert received five per
cent of the treasure recovered—\$17,
500—in addition to his pay of \$250 a
month."

LARGEST ZOO ELEPHANT DEAD

Empress, Thirty-Eight Years in Zoo at
Philadelphia, Breaks Leg in
Rush for Bath.

Philadelphia.—Empress, said to
have been the largest female elephant
in captivity and an inmate of the local
zoo for 38 years, died here.

Death was due primarily to the fact
that she recently broke a leg while
hurry to take a bath. After the ac-
cident the big pachyderm was unable
to raise her four tons of flesh, and a
block and tackle were employed to lift
her to a standing position. After sev-
eral ineffectual attempts had been
made, Empress settled the matter by
dying. The skeleton and skin will be
sent to the Academy of Natural Sci-
ences to be mounted.

IN PRISON HIS FATHER BUILT

Convicted Man Says He Knows That
the Walls Are Exceed-
ingly Strong.

Leavenworth, Kan.—Arthur Schmidt,
fifty years old, was brought from Win-
field, Kan., and placed behind the
walls of the state penitentiary, which
his father, Charles Schmidt, built in
1864. Schmidt is to serve four years
on a charge of violation of the state
prohibition law.

When he arrived Schmidt said his
father had superintended the erection
of the walls which were to deprive
him of his liberty. He said he fre-
quently had heard his father speak of
the walls as the best masonry in the
country.

Woman Jumps on Officer's Head.
Chicago.—Because she did not
want a disorderly warrant for William
Powell, which she had sworn out,
served, Miss Mary Walters waited
until Detective Courtney approached,
then jumped out of a window on his
head. Both were taken to a hospital,
where it was found neither was hurt.

Organize "Lovemaking Club."
Aurora, Ill.—A "lovemaking club,"
the purpose of which is to perpetuate
the old-fashioned way of making love,
has been organized here by a number
of young women.

FORMER PARIS BOY SECURES FINE POSITION.

Mr. Harry Stivers, son of Mr. Sherman H. Stivers, editor of the Farmers' edition of the Lexington Herald, and formerly of Paris, who is a civil engineer and who has been engaged in railroad construction work for the last three months at Waterloo, Iowa, returned to Lexington, Wednesday, on his way to Jacksonville, Fla., where he has been offered a splendid position by Chief Engineer Willoughby, formerly identified with the Lexington & Eastern extension work above Jackson, but who is now directing the construction of the big docks for the Atlantic Coast railroad at Jacksonville.

Mr. Stivers, who is a graduate of the engineering department of State University, taking his master degree in 1913, is a very capable young engineer, and the fact that he was summoned by telegram to come to Jacksonville to assist in directing the work on the big job of engineering is a high compliment to his professional ability.

Mr. Stivers came by way of Cincinnati from the west, and says that at the Union station in that city Tuesday night there were fully 500 German citizens waiting to take the train for the Fatherland in response to the call to arms. Their patriotism for the Fatherland was evidenced by their enthusiastic shouts and songs, which he says, filled the station with noise and clamor.

DEATHS.

EVANS.

—County Judge James H. Evans, aged 70 years, died Wednesday morning after a long illness of cancer, at his home in Winchester. He had not been able to attend to his official duties for several weeks. Judge Evans was serving his third term, having been County Judge for twelve years and seven months. He had also served as Sheriff twice, Master Commissioner one term, and was a member of the Democratic State Committee during the Goebel campaign. He is survived by the widow, who was Miss Catherine Kay, and two sons, Lee, who is employed in the State Auditor's office at Frankfort, and Curtis, who lives in Winchester.

REDMON.

—Paris and Bourbon County relatives were notified of the death of Mrs. Elizabeth Pugh Redmon, at the home of her son, Mr. Frank Redmon, at Chillicothe, Mo., Wednesday, Mrs. Redmon was eighty-four years old and the widow of John Redmon, who died about twenty years ago. About seven years ago she left her home at Leesburg, Harrison County, to make her home with her son. She was the step-daughter of the late Henry Shawhan, and a sister of the late Mrs. Tom Arnold, of Frankfort. Mrs. Redmon is survived by three sons and two daughters, Frank Redmon, of Mississippi; Chas. Redmon, of Kansas; Joe Redmon, Nevada; Mrs. McProud, New Mexico, and Mrs. Hall, of Kansas. The body was brought to Cynthiana last night, and taken to the home of her niece, Mrs. Tod Waley, where the funeral services were held. Burial took place at Jacksonville this morning.

MATRIMONIAL.

ANNOUNCEMENT.

—An announcement of much interest to Paris people is that of the engagement of Mr. Oscar Hinton, son and business partner of Mr. W. O. Hinton, of this city, and Miss Elizabeth Pierpont Whitridge, daughter of Mr. and Mrs. Victor Whitridge, of Baltimore, Maryland.

The announcement of the engagement of these well-known young people has just appeared in the Baltimore daily papers, and was only made here yesterday to friends and relatives of Miss Whitridge and Mr. Hinton.

The wedding will take place at the home of the bride in Baltimore in the latter part of September.

The bride-elect is known as a social favorite and one of Baltimore's handsomest young women. She is a cousin of Miss Carolyn Roseberry, of near this city, and whose guest she has frequently been. She is a young woman possessed of that most admirable trait in young womanhood, geniality and friendliness, and her amiable disposition has won her a host of friends and admirers here.

Mr. Hinton is a graduate of the Ann Arbor Law School, and after recently being admitted to the practice of law, opened an office in Paris for the practice of his profession. He was subsequently taken into full partnership by his father in the insurance business. He is a grandson of Mayor John T. Hinton, and is possessed of the good traits of character that will make him a successful business man.

PURCELL—WIEDEMANN

—The marriage of Miss Mazie Purcell, of Lexington, to Mr. Stanhope Weidemann, of Paris, has just been announced. The wedding was celebrated the afternoon of July 11th, at Margaret Hall, in Versailles, Rev. Mr. Maxon, of the Episcopal Church and President of Margaret Hall College, officiating.

Mr. Harry Dahn, of Brooklyn, New York, and Mr. Jack Rogers, of Versailles, were the witnesses.

The marriage was kept a secret and the bride returned to her home and left a few days afterwards with her sister, Miss Pauline Purcell, for a visit at Waynesville, North Carolina. Mr. Weidemann going to his home in Paris to await the time of her return.

The engagement of the young people had been told the family, but no date had been set for the wedding and they decided to have it celebrated in this quiet and simple way and announce the news when Mr. Weidemann was ready for his trip to Canada where he goes annually to avoid hay fever.

The announcement of the marriage was made on Tuesday to the bride's family by Miss Pauline Purcell when returning home from North Carolina and Mr. Weidemann left Tuesday night for Waynesville to claim his bride. They will go to Canada and after two months there return to Paris to arrange for their home.

The bride is the younger daughter of Mr. and Mrs. J. D. Purcell, of Lexington, and possesses unusual beauty and charm, making her a favorite with all who know her.

Mr. Weidemann is young, popular and active, the son of Mrs. Allen Blount, of New York, and is at present a resident of Paris. He has lived in Paris for the last two years and been a great deal in society.

The marriage is of wide interest and friends far and near will have best wishes for the bride and bridegroom.

PUBLIC NOTICE.

Two-thirds of the people of Paris use hydrant water for drinking purposes. The less water in Stoner the greater the probability of pollution. Do not use it extravagantly. It is better to sacrifice the beauty of the lawn or the fruitfulness of the garden than to chance a human life. (tf) A. H. KELLER, Health Officer.

—Mr. and Mrs. J. J. Williams and Mrs. Brice Steele will leave to-morrow for a ten-days' stay at Olympian Springs.

—Mr. Speed Hagan has returned to his home in Detroit, Mich., after a visit to his mother, Mrs. Anna Hagan, near Paris.

—Mr. Harry Simon leaves Sunday for New York, to purchase the fall and winter stock for the Simon Department Store.

—Mr. Preston White and sister, Miss Anna Louise White will entertain with a dance at Elks' Hall, Tuesday evening from 8:00 p. m. to 2:00 a. m.

—The Bourbon Dancing Club will give a dance Friday, Aug. 14, at the Masonic Temple. The Goodwin Saxophone Trio will furnish the music.

—Mrs. John Barnes and children, of Mt. Sterling, are guests of her sister, Mrs. Charles Wilmoth, in this city, and attending the Blue Grass Fair at Lexington.

—Mrs. J. W. Davis was a guest of her daughter, Mrs. Henry Craig, in Georgetown, Tuesday, and accompanied by Mrs. Craig, motored to Lexington for a visit to Mrs. Bailey D. Berry.

—Miss Anna Louise White has returned from a visit in Winchester, accompanied by her friends, Misses Viola Brock and Phoebe Day. A number of social entertainments will be given in their honor.

—Miss Bessie Wilson, of this city, is a member of a camping party which will be entertained next week by Mr. and Mrs. F. C. Boyd, at Kirkpatrick's camp, near Mt. Sterling, for the Misses English.

—Mr. Roger Clark, of Earlinton, Ky., is here to be with his mother, Mrs. Newton Clark, who has been critically ill, but who is now somewhat better. Mr. Clark will probably locate here permanently.

—Misses Elizabeth Embry, Mary Woodford and Rachel Wiggins and Messrs. James Buckner and James Dodge formed a merry motor party to Oil Springs, in Clark County, Tuesday, spending the day there.

—Attorney John J. Williams, of this city, attorney for the Banking Department in the affairs of the defunct Alexander Bank, was at the Capitol, in Frankfort, Wednesday, in consultation with State Banking Commissioner Thos. J. Smith.

—Among the young folk from Paris who attended the dance given at the Phoenix Hotel, in Lexington, last night were Misses Louise Steele, Anna Wilson, Frances Champe; Messrs. Ireland Davis, Douglas Clay, Hiram Roseberry, Lucien Arnsparger and Joseph Davis.

—Miss Lyda Connor entertained a jolly house party at her home near Paris from Friday until Monday. Those present were: Misses Elise and Laura, Durbin, Augusta Ammerman, Myra Paul, Mary Louise Reynolds, Allene Ellett, of Clintonville, and Gladys Rankin, of Cynthiana. On the evening of their arrival, the Misses Hicks entertained them with a party which was enjoyed very much by all.

—The C. W. B. M. will hold its regular monthly meeting in the parlors of the Christian Church, to-morrow afternoon at 2:30 o'clock. Matters of importance will come up for consideration. The election of officers for the ensuing year will also take place at this meeting, and the discussion of plans for future work will occupy a prominent place on the program.

—A delightful event of the week was the barge party given Wednesday evening in honor of Miss Roscoe, of Hopkinsville, the guest of her sister, Mrs. J. A. Goodwin and Miss Frances Hancock, of Texas, who is visiting in Paris. The party left in automobiles for the river where they took the barge and the evening was much enjoyed with music and dancing. A delicious supper was served and the party returned by moonlight. Paris was represented by Miss Hancock and Mr. Charlton Clay.

—The Mt. Sterling Advocate, under the head of "Oil Springs Notes," says:

"Miss Frances Calk was confined to her room Sunday on account of illness, but soon recovered, only to find that Claude Haggard was going through the gate with a good-looking Paris maid for a joy-ride."

"Settle Botts and Scoops Hedden have caused many heartaches among some girls they really didn't know about before. Paris is not entirely off the list as far as they are concerned."

"Mr. John Ardery and his attractive sister, Miss Margaret Ardery, from Paris, have added much enjoyment to the party at the Springs."

—Messrs. Mitchell Jackson and Thos. Orr returned Tuesday from a motorcycle trip to Ford and Boonesboro, on the Kentucky River, where they had been to select a camping site for a party from Paris. The illness of a member of the party upset plans, and the trip has been deferred to a later date. The party that intended going composed Mr. and Mrs. Thos. Orr and daughter, Mitchell Jackson, Mr. and Mrs. Edward Sum-

NO MATERIAL CHANGES.**

Such counties as yesterday made official returns of the vote cast in last Saturday's primary election show no material changes in either long or short-term Senatorship races as compared with the earlier unofficial reports.

Messrs. W. F. Talbott, W. A. Thomson and B. B. Marsh, composing the Bourbon County Board of Election Commissioners, met at the court house Wednesday and canvassed the vote of Bourbon County in the recent Senatorial and Congressional primary election. The vote as certified officially does not differ materially from that certified to by the election officers of the primary. The complete tabulated vote will be found on page 3 of this issue of the Bourbon News.

NEW MANAGER.

It used to be favorite saying with Paris newspaper men in Paris that the newspaper men of Paris that meat shops in Millersburg changed ownership. But it seems that the Western Union telegraph office in this city is going to run them both a close race for first place. The changes in management have been numerous, some good, others indifferent and none bad.

Mr. J. P. Owings, who was transferred here recently from Mt. Sterling office was transferred and placed in charge of the Winchester office, Mr. J. R. Dyer, being transferred from Winchester to the Nashville, Tenn., office.

Mr. Owings is succeeded here by Miss Letitia Davis, of Bowling Green, an experienced operator, and a young woman of most prepossessing personal appearance.

**COMPELLED TO HAVE CASH
—MUST REDUCE STOCK.**

In order to raise cash and raise it quick, we have decided to convert our \$40,000 stock into money. In order to do this we necessarily must make a great sacrifice and offer big inducements to the purchaser. To make this sale a money-getter we are going to sell every article in our store at a twenty-five per cent. reduction and put the selling price on each piece of merchandise in plain figures. Everything goes in this sale at these figures except diamonds. The public needs no explanation as to the worth and style of our stock. The mere fact that "it came from Winters" make it right—right in style and right in quality—the 25 per cent. off will surely make the price right. Nothing but cash goes in this sale. Come in Monday, when the sale starts, with the money and make 25 cents you spend on every dollar.

ility of soil in the entire world, with the exception of Java. The similarity of the two islands is striking. Both are tropical, both have much the same physical formation, even the climates are not unlike. Java, with its dependent islands, however, has an area of less than twice that of Haiti; but under Dutch rule it supports a population of 31,000,000, which is constantly increasing—and observers are not inclined to regard the Dutch system of colonial administration as an unmitigated blessing.

The truth of the matter is that the people of Java are mildly industrious, where the people of Haiti are almost uniformly shiftless. The Dutch have built up an export trade and have promoted agriculture. Scientific agriculture in Haiti is practically unknown. The peasant scratches the marvelous soil with a stick, drops his seed and

Woman of Port au Prince.

lets it be until his crop has grown up. "Why should anything else be done?" he asks, in reply to the stranger's inquiry. "If anything else was necessary God would do it." In the Haitian mountains rich minerals and the best mahogany in the world lie unworked for lack of railroads to haul the products to the coast; and capital steers clear of the island because of the uncertainty of politics and payments, and the fact that the whites as a race are under legislative penalties—in the Haitian section. Santo Domingo is much more advanced in this respect.

Any one who is skeptical of what these people can accomplish should visit the enduring architectural monuments of the island—the marvelous fairy palace of Sans Souci in the northern hills near Cape Haitian, and the tremendous citadel of La Ferriere on the top of the mountain of that name, 5,000 feet high—both of them the work of the black King Henri Christophe, who ruled Haiti from 1811 until he committed suicide in 1819, in order to avert assassination. It is true that thousands of lives were paid for these remarkable buildings, just as it is true that Henri's reign was one long chronicle of bloodshed. But the imaginative capacity and indomitable will power of the black man who had been a slave and who could conceive and direct the building of such structures strike one today as evidences of an enormous capacity which might have been put to valuable uses under better auspices.

These buildings exist today, and it is asserted by those who have seen them that they are the most interesting structures in the West Indies. Earthquakes have demolished some of the grand terraces of Sans Souci, and its windows gape vacant in the sunshine, for no man in Haiti today could afford the upkeep of this extravagant reproduction of Versailles. But in La Ferriere the batteries of huge muzzle-loading cannon still frown from brick casemates, with their walls 80 feet high and 16 feet thick. It was here that Souleuvre, who crowned himself emperor, as Faustin I, held his court of 70 dukes, and marquises, counts, viscounts, barons, and knights by the score.

A great deal of fun has been made of the grandiose titles created by Henri and Souleuvre. Among the higher nobles were the dukes of Marmalade and Limonade, and many persons have supposed these functionaries derived their dignities from the well-known breakfast jam and the brew of lemon juice. But as a matter of fact, Marmalade and Limonade are the names of two districts in the northern section of the island. Formerly each district was a great plantation, and in the division of spoils among the chiefs of the revolution, each was awarded to a successful general, and finally erected into a duchy.

Dwarf Trees.

The Chinese influence on interior decoration extends to the wonderful dwarf trees which, once almost prohibitively expensive, are now to be had at really popular prices, commencing at about 60 cents for diminutive yews and cedars that look as if they had come out of a "Kewpie's" garden. Stately oaks, sycamores, cedars, standing at least 20 inches high, are wonderful with their gnarled and twisted branches and close foliage; they appear like ancient forest trees viewed from afar and through the "wrong end" of a telescope.

WOMAN REFUSES OPERATION

Tells How She Was Saved
by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind.—"My baby was over a year old and I bloated till I was a burden to myself. I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused. I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine.

"I hope other suffering women will try your Compound. I will recommend it to all I know."—Mrs. DANIEL D. B. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

HEALTH PAST FIFTY

Careful diet is of utmost importance to men and women past fifty years of age; it keeps up their strength, and the oil food in Scott's Emulsion is a nourishing food, a curative medicine and a sustaining tonic to regulate the functions. It contains the medicinal fats of pure cod liver oil and science proves that they furnish twice as much energy as other foods—then too, it creates pure blood, sharpens the appetite, relieves rheumatism, strengthens the body and alleviates the ailments due to declining years. Scott's is free from wines, alcohol or harmful drugs. Beware of substitutes.

An Open Letter.

DEAR FRIEND:

Do you feel run down? Do you feel as though that part of you which gives life, strength, health and vigor is not there? Do you wake up tired in the morning? Do you have an indescribable weariness all the time? Are you nervous, at all times irritable? Do you ever have the blues and fall into fits of despondency without any cause?

If so, I want to have a little confidential talk with you. I understand your trouble. I know its cause; I know its nature; and I know its cure. Such troubles as these rarely existed among the American Indians of the past. I will tell you why.

Because there grows in this country roots and herbs into which nature has combined all her curative agencies. Just as Nature has combined into the egg all the nutritive human organs, so it has combined into these roots and herbs all the properties which are necessary to the healing of the diseased human organs.

At great expense I have been able to have these roots and herbs gathered and I now have them in my laboratory. I wish that I had the power to spread the news by one mighty proclamation and announce to the people of this country what a great blessing it is to them. I wish that all who suffer with diseases that their local physician has been unable to cure, could know of the marvelous healing power of this simple remedy, gathered from Nature's storehouse.

I send this remedy to you just as I get it from Nature—I do not allow its magic power to be trifled with or lessened by mixing it with ordinary drugs or chemicals. You take simply Brown's Native Herb in Liquid Form. Quaff this cup of life and the result is simply indescribable. You feel no more weariness you felt before. Your step regains the elasticity of younger days. Your complexion becomes clearer and healthier. You feel a vigor and a desire to do something, whereas before you felt weariness. Your eyes become brighter and reflect the animation with which your entire system becomes charged. Your spirit lightens and the whole world becomes bright and beautiful. You feel an ability in yourself which naturally comes from the feeling of strength and power.

You may think that I am just talking and that I do not mean what I say in regard to this most remarkable remedy. But the remarkable offer I make you ought to be enough to convince you that I not only know what

I am talking about and mean all I say, but that I am willing to back it up in a substantial manner. Remember that I agree that if, after taking ten days treatment of this remedy, you are not satisfied with the results, we want you to return the balance and we will return your money to you without a word. You must know that I could not go to this expense if I did not know that you would receive from it the greatest and most beneficial results.

Now I am going to make a still further inducement. If you will give this marvelous remedy a trial, I will let you have six bottles for \$5.00, or 3 bottles for \$2.50. The regular price is \$1.00 a bottle. I am making this remarkable and unusual generous offer for the purpose of getting you to give Brown's Native Herbs in Liquid Form a trial. It is worth something to me for you to know the marvelous virtue of this remedy.

As soon as its wonderful efficiency becomes generally known, people will write to us imploring us to sell them a small portion of it at any price, instead of our writing to them asking them to give it a trial.

One thing let me impress upon you, and that is that you not let your system become weaker and weaker and get in a worse and worse condition before taking treatment. Take treatment before it is forever too late. Brown's Native Herbs in Liquid Form will revitalize you and make you a new person. Give it a trial and you will bless the day that I first wrote you in regard to this most marvelous of nature's medicine.

I hope that you will give this matter your serious consideration. Matters of life and death should not be treated lightly. I have the deepest sympathy for all who suffer, and yet I must confess that the greater portion of the suffering of which mankind is called upon to endure, is the result of indecision and delay upon the part of the patient in taking treatment. Why the suffering mortal should refuse to take hold of the hand which is outstretched to help, is a thing which I cannot understand. It seems to me that any sufferer would hail with gratitude a discovery like this one. Indeed I must say that they are hailing it with much thankfulness.

Are you sick? I have a remedy that will cure you. I would be grossly untruthful if I should fail to tell you what Brown's Native Herbs in Liquid Form will do for you. But after I have said all I can say, and have laid the matter before you to the best of my ability, it will not be my fault if you let your present state of health continue until the dead line is passed and you hear the awful words, "Too Late," ringing in your ears forever.

I am anxious that you act upon this matter at once in taking Brown's Native Herbs in Liquid Form without further delay, not only on account of the condition of your health, but on account of the limited supply of this remedy. I cannot tell how fast the news will travel of its unequalled efficacy to overcome the ills of the human body. So heed the warning. Seize the opportunity while you can.

I also wish to say that Brown's Native Herbs in Liquid Form is the greatest physic known, and those in the habit of taking salts, pills and cathartics to clean the system should go to their druggist and get a large \$1.00 bottle and see what a real pleasure it is to take a medicine that will do as you want it to. All druggists sell it.

Most sincerely your friend,
ARNOLD DOUGLAS BROWN.

WOMEN GET \$1.75 PER WEEK

Mrs. Julia Scurr Tells Prime Minister Asquith of Weekly Wage of Women.

London.—The recent meeting between Prime Minister Asquith and the women representing Sylvia Pankhurst's East End Suffrage club was unique in English history, for never before had women workers of the lowest social class told their wage grievances to so high a personage. The average wage of women throughout the country, Mrs. Julia Scurr told the prime minister, is only seven shillings (\$1.75) a week. Many women, she said, support children and parents on this, although the Immigration board has held that a woman cannot live in London on less than

Prime Minister Herbert Asquith.

17 shillings and six pence (\$4.37) a week. To small wages and the severity of the struggle was attributed the large number of suicides among married working women of the city. Mrs. Scurr said the poor law attaches harsh and humiliating terms to the relief given and is thoroughly hated by the indigent.

FISH SWALLOWS ELZA'S ARM

Yes, Up to Elbow, but Nimrod, Dragged Quarter of Mile, Finally Lands Prize.

Lexington, Ky.—Elza Mitchell, a nephew of W. H. Newman, formerly president of the New York Central railroad, while fishing in Beaver creek the other day sighted an enormous catfish under a rock.

Try as he would Elza could not tempt the fish to take a chance on a worm. Finally he knelt and attempted to seize the fish. The fish liked the looks of Elza's arm and swallowed it up to the elbow. Elza closed his fist so that he had the fish hooked. Then he tumbled into the water and the fish started down stream, dragging Elza along.

For a quarter of a mile the fish and Elza churned the water. A drift log helped Elza to stop the progress of the fish. His cries for help brought Joe Duffy to his assistance. Joe threw a plow line to Elza and he was towed to shore, bringing the fish with him.

The catfish was three feet nine inches in length, and weighed 65 pounds.

MAN'S HEART ASTRAY, HE DIES

James McLaughlin Lives Fifty-eight Years With Vital Organ on Wrong Side.

Poughkeepsie, N. Y.—James McLaughlin of Wappingers Falls is dead of dextra cordia; that is, McLaughlin, who was fifty-eight years old, wore his heart on the right side, and it proved fatal.

For 55 years McLaughlin, a well-to-do citizen, experienced no trouble with his heart, and did not know it was elsewhere than it should be. Then he was stricken with severe pains in his right chest, which he blamed to rheumatism. Finally he was taken acutely ill and died before Dr. Paul Winslow could attend him.

Doctor Winslow, who is also the health officer, issued a certificate of death, acting instead of the coroner, as provided by the new law for cases where there are no suspicious circumstances.

PILE OF JUNK HIS MONUMENT

Kansas Man, Dying, Leaves Acres of Scrap Iron He Had Taken Years to Collect.

Junction City, Kan.—Scrap iron—hundreds and thousands of pieces of it in a great heap—is the material that John Rush left when he died at his home near here. For years he has followed a hobby of collecting scrap iron, as many a wealthy man collects paintings. He never refused to buy iron and persistently refused to sell even the smallest piece. At the time of his death he had the largest junk pile in the West. It covers several acres of his farm and is 40 feet high.

Famous Regiment.

The Buffs, the famous old "Nutcrackers," of which the king of Denmark was appointed colonel-in-chief on his recent visit to England, are one of the oldest corps in the British army. They were evolved from the old trained band in the days of Elizabeth, and because of this ancient connection with the capital they have the privilege of marching through the city of London with fixed bayonets, beating drums and flying colors.

THE CASE OF L. L. CANTELOU.

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.

Growing Old by Degrees.

Growing old has many stages. You can remember the time when, in reading your favorite author, you were disgusted to find that he had made his hero forty years old, and you wondered how he could be guilty of imputing romance to such an unconscionable age. By and by, even though you found forty years to be the old age of youth, you were soled by the thought that it was the youth of old age, and still later you will wonder where youth ends and old age begins.

CONSTIPATION CAUSES SICKNESS.

Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safe-guard against illness. Just take one dose to-night. 25c, at your druggist.

Good Word for Religion.

This is a broad-minded age, and the gentleman on the last tram, who was in what one may define as the talkative stage, shared the characteristics of the times. "I've nothin' to say against 'im even if he does belong to P. S. A. I'm no bigot, not a bit of it. An' I say this, that considerin' all things, I've not found these religious chaps to be worse than ordinary fellers like you an' me."—Manchester Guardian.

THE TWENTY YEAR TEST.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.

Chip on the Shoulder.

"We love and we value peace," said Jefferson. "We know its blessings and experience; we abhor the follies of war, and are not untried in its distresses and calamities." A God-fearing nation confides in its strength without boasting of it and respects that of others without fearing it. The weak nation, like the weak man, carries a chip on the shoulder.

SEVERE ATTACK OF COLIC CURED.

E. E. Cross, who travels in Virginia and other Southern States, was taken suddenly and severely ill with colic. At the first store he came to the merchant recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it cured him. No one should leave home on a journey without a bottle of this preparation. For sale by all druggists.

SUMMER CONSTIPATION DANGEROUS.

Constipation in Summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water, thus injuring your stomach. Colic, Fever, Ptoimaine Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which aids the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose to-night. 50c, at your Druggist.

Kentuckians Swiftly Relieved of Stomach Tills by Mayr Remedy

First Dose of Wonderful Treatment Shows Results After Years of Suffering.

Many Kentuckians have found swift relief from disorders of the stomach and intestinal tract by the use of Mayr's Wonderful Stomach Remedy. The first dose gives results. It is not a long treatment.

Here are statements taken from the letters of two Kentucky people who have used the remedy:

W. H. CLARKE, Central City.—"The medicine has done my wife a world of good and she has been suffering with stomach trouble for years." MRS. BELLE HAWKINS, Eminence, Ky.—"I have taken all of the medicine. I don't think I need any now, as I think I am well. I never felt better in my life."

From all over the country come

thousands of just such letters. This wonderful remedy shows results, safely, and with the first dose.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Varden & Son drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effect.

Got Missing Figures

THE General Manager was presenting plans for an extension of the factory to the company's directors at Detroit. He found that he had left an estimate sheet in his desk at the factory. He called up the factory on the Bell Long Distance Telephone. His assistant read the figures to him and the directors were able to act without delay.

Annoying delays are avoided by the use of the Bell Telephone.

HONEY CROP POOR.

The honey crop throughout Garrard and Lincoln counties is proving unsatisfactory to bee handlers, the lack of white clover blossoms being in part the cause of the deficiency. One Garrard county farmer, who has given considerable attention to bees, reports that, having as many as sixty hives, he only extracted one pound from forty-five of them. He reports the honey darker than usual this season.

The man who brags that he has a Strong Will Power because he doesn't believe in going to church is usually the same lad who hasn't enough will power to quit smoking.

Once upon a time a man who had been married for ten years carelessly and thoughtlessly brought his wife home a box of candy. And four doctors had to work for eight hours before the poor woman recovered from the shock.

The way of the transgressor is hard. Just about the time an ultra-see-more skirt comes along the dog-gone sun dodges behind a cloud.

Almost every man knows the prettiest girl in the world. And she is always a different girl.

One reason why a man won't touch water the Night Before is because it takes about all there is in the river to get the Sea Lions, Door Mats, Old Muffs and Feather Pillows out of his mouth on the Morning After.

BASE BALL.

One thing that is universally regretted these days is the breaking up of the old Bluegrass Baseball League, with amusement and sport in plenty. It is a pity the league grew too fast for the towns supporting it. We often think of the former Bourbon stars and muse with longing on the fun we used to enjoy during the long summer afternoons, in seeing Goodman and Barnett, and the other sluggers knock out home runs, and in witnessing the playing, good, bad and indifferent of their teammates. Alas, it's old glory has departed from Paris.

NOT SO STRANGE AFTER ALL.

You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally. Mrs. Rosie Rish, Wabash, Ind., writes: "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.

NEWS OF MILLERSBURG

—Mr. J. J. Peed is slightly improved.

—Quite a number from here are attending the Lexington Fair.

—Miss Flora Mason left Wednesday for a visit to relatives in Virginia.

—Miss Mattie Hawes visited relatives in Lexington, Tuesday and Wednesday.

—Mr. G. L. Hill and family returned Saturday from a visit to relatives in Indiana.

—Rev. G. B. Dubois and family, of Cincinnati, are the guests of Mrs. Mary Whaley and daughter.

—Miss Hazel Kerr will leave Saturday for a two-weeks' visit to her sister, Miss Jessie Kerr, of Maysville.

—Mr. S. M. Allen and family, with a number of others, will leave Monday for a two-weeks' sojourn at Crab Orchard Springs.

—Messdames O. H. Collier, A. T. Moffett, W. G. Leer and Miss Nannie Clarke attended the Bracken Association of the Baptist Church at Ewing from Wednesday until to-day.

—Miss Jennie Maurie Pepper, a former Millersburg girl, and now a resident of Huntington, W. Va., made her debut in "movie pictures" in New York on August 4, and was pronounced a success in the part assigned her.

—There was a reunion of the family of Mr. Henry Sheeler from Sunday until Tuesday. Among those out of town present were Mr. and Mrs. John Sheeler, of Mt. Olivet, Mr. and Mrs. William Sheeler, of Ford, Mr. William Crouch and family, of Plum, and Mr.

Commodore Grinnell and family, of Paris.

—Nun Gilvin and Bruce Ealam were tried before Judge Wadell, Tuesday morning for assaulting Simon Gillispie in his store on South Main Street. The trouble grew out of the difficulty between Gilvin and Gillispie over a bridle which Gilvin had given Gillispie to bring a pony to town. Gillispie refused to give up the bridle. Gilvin and Ealam were each fined \$10 and costs.

—Monday, the last day of the Millersburg Chautauqua, was the crowning epoch of the occasion, and will ever live in the minds of those present as one of the most happy days in the history of Millersburg. We all anticipated a big day, knowing that we were to be entertained by the Banda Roma, and in this we were not disappointed.

Owing to it being County Court day in Paris, the audience in the afternoon was not as large as it otherwise would have been, but it made up for it in the evening, when the large tent was filled to its utmost capacity and many could not be accommodated with seats. In the afternoon the Banda Romas gave half an hour prelude and were followed by Jacob Randolph Perkins, of Iowa, in his famous lecture, "Wit and Half Wits," which was good, dicerent in style from any that had preceded. In the evening we enjoyed a full concert by the Banda Roma. Their program, both in the afternoon and evening was varied, so as to satisfy all grades of lovers of music. So enthusiastic were our people over it, and so determined were we to have them again another year, we accepted another contract from the American Lyceum Bureau with 110 names signed to it as guar-

antors, and could have made it 200 just as easy. When we undertook the work in the spring we made an effort to get fifty names as guarantors and were only successful in getting 43. So delighted were the people of this first effort that many went to the committee voluntarily asking a privilege of signing the contract—even many of our ladies asked this privilege, and some few that do not even reside in the neighborhood.

The Chautauqua will be held about the same time next year, the program will be equal to, if not better, than the one just rendered, and we are already anticipating and betting ready for a great meeting. The knockers have been regulated to the rear and they were among the first to pronounce it a great success. The social features connected with it were among its many pleasant things, and all regretted that it was over when the big tent was taken down and packed for shipping.

—The twenty-third annual meeting of the Hurst Home Insurance Directors convened Wednesday morning at the Hurst Home Office. All of the counties of the district were represented. Promptly at 9 a. m. President J. G. Allen, of Millersburg, called the meeting to order, and the business of the day was begun by the reading of the minutes of the last meeting by Secretary O. B. Hurst, of Millersburg. Following this, the reports of the various committees were read. The company shows a most healthy condition. The most rigid inspection was adhered to during the past year, and a large amount of undesirable property canceled. Inspector O. H. Collier, of Millersburg, was assisted in a large part of his work by Assistant Inspector Clark, of Bath County, and

they were highly commended by the board for their work during the past year.

The losses sustained by the company was slight compared to that of a year ago. The company losing by wind in 1913 in one day as much as their entire loss thus far during 1914. The Auditing Committee found the books and accounts in most excellent condition. The Executive Committee was untiring in its efforts during the entire year and numerous meetings were held.

The Committee on Resolutions read a beautiful tribute to the loss of one of its members during last December, which was ordered to be spread upon the minutes of the company, and a copy sent to the bereaved family. A considerable amount of miscellaneous business was disposed of in the morning session. Woodford County has been added to the list since last meeting, and an agent and directors appointed. Mercer County will be taken up this year. Promptly at noon the meeting adjourned for dinner, and all repaired to the dining hall of the M. F. C., where a delightful dinner awaited them, which was prepared by Mrs. O. E. Hurst, assisted by a number of lady friends. She was the recipient of showers of compliments after dinner for the manner in which she handled the crowd.

The afternoon session was called to order at 1:30 and lasted but a short time. The Committee on Inspection recommended that the present salary of \$1,500 be continued, and that Mr. O. H. Collier be re-appointed, which was adopted. Committees were then appointed for the ensuing year. There was but one important change made, Mr. W. T. Current retiring from the Executive Committee, which was given

FISCAL COURT.

The August session of the Bourbon Fiscal Court convened at the court house yesterday, with County Judge C. A. McMillan presiding, and Justices Martin, Thammason, Burris, Redmon, Stephenson, Lloyd, Shropshire and Turner present.

A large number of accounts against the county were allowed and ordered paid.

The report of County Road Engineer C. F. Redmon for the month of July was received, filed and approved.

Bourbon County, through County Attorney George Batterton, objected and excepted to the allowances and payments of the claims of Woods & Cain for work done on the Paris & Winchester pike to the amount of \$1,012.68, because they had no contract for the same, and the county is not obliged to pay same, and prayed an appeal to the Bourbon Circuit Court, which was granted.

The sum of \$350 for work done on the Silas turnpike was ordered paid to Cline & Hutchcraft, attorneys for the 'Peoples' Bank of Stamping Ground, pursuant to the orders of the Bourbon Circuit Court.

Justices Thammason and Turner were appointed a committee to purchase coal for county uses.

Ordered that the balance due on the Roseberry pike be paid when the same is accepted.

Ordered that the salary of the Guard of the County Prisoners be fixed at \$2.00 per day for each day that he is actually engaged, payable each month.

County Treasurer S. E. Bedford was instructed to borrow the sum of \$10,000 for the use of Fund, and execute bond for same, payable Dec. 1, 1914, and bearing six per cent. interest from date.
